Full-stack Software Developer with a strong foundation in web development looking for an internship

- Well versed in developing web applications with **HTML5, CSS3 – Bootstrap, JavaScript - NodeJS**
- Have developed web backend servers with **Python Flask** and relational databases namely **MySQL**
- Knowledgeable in deploying web applications with **cPanel** and **Netlify**
- **Have deployed a Food Ordering and Delivery, QR Generator website that are currently live and well maintained**

Eager to apply my knowledge, learn from industry professionals, and contribute to real-world projects. A quick learner with excellent teamwork and communication skills, committed to delivering high-quality solutions. Excited for an opportunity to grow and gain hands-on experience in a dynamic software development environment. Give me the opportunity, and I'll prove that I'm not just to work, but to make an impact.

EXPERIENCE

Full Stack developer | Freelancing | Online, Own Space

2022 – Present

As a full-stack developer, I specialize in freelancing projects, creating custom websites with well-structured databases for efficient data management. I ensure responsive web design that adapts to all screen sizes. My approach involves direct interaction with clients, I work closely with clients to gather requirements. Committed to delivering high-quality websites on time, providing clients with valuable response.

Machine Operator | Card Serv Australia | Leighton place, Hornsby, NSW

2024 – Present

As a Machine Operator at Card Serv Australia, I operate machinery to print, attach, and package cards, ensuring high-quality production. I have hands-on experience with Trimate machinery, allowing me to efficiently manage operations and troubleshoot issues as needed.

Team Member | Woolworths | Thornleigh, NSW

2024 – Present

At Woolworths, I provide excellent customer service, assist with inquiries, and ensure smooth stock management. My role involves maintaining product displays, restocking shelves, and working in a fast-paced environment, enhancing my problem-solving skills and attention to detail. I also collaborate with my team to ensure efficient store operations and train new team members as needed.

OSH ASSISTANCE | Randstad Education Team | Where Available

2024 – Present

In my position as an OSH Assistance with the Randstad Education Team, I work across various schools, assisting with before school care and after school care programs.

STEMGINEER | Knox Grammar School | Wahroonga, NSW

FEB 2024 – SEP 2024

As a STEMGINEER at Knox Grammar School, my role involves educating children on 3D design and circuit design using Tinkercad software.

Desktop Support | AAS Lab Support | Pondicherry, India

2022 - 2023

In my role at AASC Lab Support, I actively contributed to the volunteer team by providing essential desktop support for all computers in the college lab environment. I specialized in offering intermediate hardware and software support for Windows 10 and 11.

Part-Time Technical Tutor | AASC College Private institute | Pondicherry, India
2022 – 2023
Provided tutoring sessions to junior students in my college, guiding them in the development of beginner and intermediate-level computer and technical skills.

VOLUNTEER

Event coordinator | FestX AASC
PONDICHERRY, INDIA | 2022 - 2023
Volunteered in college cultural and farewells event in college as event designer and coordinator.

Volunteer packaging and maintenance | City festival
PONDICHERRY, INDIA | APRIL 2022
Volunteered during college holidays to assist in packaging operations, and storage maintenance for city festival.

EDUCATION

Master of Information Technology | CQ University
EXPECTED GRADUATION DATE - FEB 2026
I am currently pursuing a Master's in Information Technology to enhance my knowledge in the field of computer technology. My objective is to build a fulfilling career in the tech industry, leveraging advanced skills and expertise gained through academic pursuits.

Bachelor of Computer Science | Pondicherry University
2020 – 2023
I earned a Bachelor of Computer Science, gaining comprehensive knowledge about Technology and science by achieving a Cumulative GPA of 8.04/10.0
